

# Monthly Meeting Minutes- New Service Facilitator

<b>Meeting Details</b>	<b>Dates:</b> June 2, 2020 (10:00a-11:00a) <b>Location:</b> Web based Meeting <b>Facilitator:</b> Consumer Direct Care Network <b>Participants:</b> 14
------------------------	---

## Who Does CDCN Serve?

Consumer Direct serves as the F/EA for participants enrolled in certain Medicaid waiver programs such as:

- i. Community Living (CL) waiver
- ii. Family and Individual Supports (FIS) waiver
- iii. Commonwealth Coordinated Care (CCC) Plus Waiver
- v. And any Consumer-Directed Fee-for-Service (FFS) member not enrolled in managed care.

CDCN issues payroll for the following three Service Types:

- i. Attendant Services, service code S5126
- ii. Respite Services, service code S5150
- iii. Companion Services, service code S5136

## Communication with Service Facilitators

CDCN holds our New Service Facilitator trainings on the first Tuesday of every month at 10am. Email-blasts are sent out 48 hours before the trainings. If a meeting is ever cancelled, an Email-blast will be sent out to inform Service Facilitators of the cancellation.

CDCN also holds ongoing Service Facilitator trainings for Existing Service Facilitators quarterly on the third Tuesday and third Thursday of the month. We encourage Service Facilitators to join us monthly for the most up to date information.

**Previous Meeting Minutes can be found on CDCN's website at [www.Consumerdirectva.com/sfforms](http://www.Consumerdirectva.com/sfforms).**

## HIPPA-Compliant Emails

Sometimes CDCN will need to send Service Facilitators an email that contains Protected Health Information (PHI) or Personal identifiable information (PII). To remain in compliance with the

# Monthly Meeting Minutes- New Service Facilitator

Health Information Portability and Accountability Act (HIPAA), we will only send sensitive information via secure electronic communications.

CDCN uses a system called Zsecure to encrypt information sent via email.

**These emails may end up in your Spam folder! Please check there first, if you think you're missing an email from CDCN.**

To use our secure services, Service Facilitators will need to create an account to open each of these emails.

Instructions on how to do this are available on our website under the *Forms* tab or by going to [www.consumerdirectva.com/forms](http://www.consumerdirectva.com/forms) and clicking on the *Other* section.

Once there, the title of the document is "Secure Email Instructions".

## CDCN's Website

Now that you are aware of what CDCN does, CDCN wanted to introduce you to one of our most valuable resources for Service Facilitators, Employers and Attendants: our website.

Our user-friendly website has up to date training materials, one-page fact sheets, easily identifiable forms organization, and more. There are training videos at the top of the training materials, and one-page fact sheets directly below to assist EORs, Attendants, and SFs with navigating our Web Portal, CellTrak for EVV and more. We also have new user-friendly information in our forms section to help you determine which forms should be accessed

Our website is where you will find useful forms, such as the Confidentiality Agreement, and the Service Facilitator contact information list. This list will contain all the names of your agents within your agency.

Please note that only one Agreement and SF list is needed per agency. These two items help CDCN provide the correct caseloads on our web portal (Directmycare.com).

Other items accessible via our website include enrollment packets, the web portal link, training materials, contact information, and more! The website address is ConsumerDirectVA.com.

## Fiscal Agent Request Form (FARF)

The FARF is the Fiscal Agent Request Form. As Service Facilitators, this form can be filled out and submitted to Consumer Direct when there is a change that will affect the participants' services.

# Monthly Meeting Minutes- New Service Facilitator

The FARF form provides CDCN with the Participant and Employer's updated demographic information, which Service Facilitator is assigned to the Clients account, and the reason that the FARF is being submitted which is important so that CDCN knows what steps to take next.

This form can be located under the *Forms* tab in the *Service Facilitator* section of our website.

There are 4 reasons Service Facilitators will submit a FARF to CDCN:

- i. An existing Participant is changing to a different Employer of Record;
- ii. An existing Participant is changing to a new Service Facilitator;
- iii. An existing Participant is changing from one FEA to another FEA.
- iv. Or, for a new Participant (new to self-directed services)

Once filled out completely, the FARF needs to be submitted by email to [VAReferrals@ConsumerDirectCare.com](mailto:VAReferrals@ConsumerDirectCare.com) or fax at 1-877-571-8649.

**The VAReferrals@consumerdirectcare.com inbox is the email account dedicated specifically for these forms and is how CDCN prioritizes processing the FARFs.**

## FARF Reminders

A FARF is used for all new or transition enrollments.

Packets cannot be processed without a FARF.

Employer of Record Changes also require a FARF.

Always use the most updated version which can be found on our website under [consumerdirectva.com/forms](http://consumerdirectva.com/forms).

Hard copies of Employer Enrollment Packets are available upon request, but are not recommended, Filling out the packet electronically via DocuSign results in faster processing and fewer errors. If the Consumer/EOR still requests a paper packet, please select one of the two available options.

Also, under the box titled "Choose all that apply" you'll want to make sure you check the correct box, to indicate the reason for the FARF.

If the participant is changing FEAs, please make sure you indicate the Current FEA and the New FEA.

# Monthly Meeting Minutes- New Service Facilitator

Please Note: Starting May 4, 2020 CDCN will require a FARF to be submitted for EOR changes. CDCN will not process Employer Packets in which a change of EOR has occurred without receiving a FARF. This will also be announced in an upcoming e-blast.

## Updated FARF

CDCN has updated our FARF form for a more user-friendly experience and easier processing.

FARFs will only be processed if filled out completely. Please be sure to fill out the entire form.

Pay close attention to the “Services Requested/Referral Type” box. The first question is “Is the consumer new to self-directed services?” If the answer is yes, then you have completed that portion of the FARF. If the answer is no, then you will need to indicate beneath whether the Client is an existing consumer transitioning to CDCN from a different FEA, an existing CL changing their EOR, or an existing CL changing their SF agency.

Hard copies of Employer Enrollment Packets are available upon request but are not recommended. Filling out the packet electronically via DocuSign results in faster processing and fewer errors. If the Consumer/EOR still requests a paper packet, please include the EOR’s mailing address.

## DocuSign FARF’s

The DocuSign FARF is now available. This will be the preferred method to submit FARFS to CDCN. SFs can find the DocuSign FARF on our website in the Forms tab, under the Electronic Fiscal Agent Request Form.

There are many benefits of submitting FARFs electronically through DocuSign. Some of the benefits include:

- Assisting Service Facilitators and CDCN with ensuring that the FARF is accurately completed as all required fields are highlighted and must be completed before submission
- It will help organize and store documents by significantly reducing the amount of paperwork. SFs receive a confirmation email once the FARF is submitted. This email includes a copy of the completed FARF for SFs to reference.
- If changes are made to the FARF, SF do not need to download a new form or worry about using the wrong version. The DocuSign FARF will always have the most up to date FARF form available to be completed.

# **Monthly Meeting Minutes- New Service Facilitator**

CDCN has a DocuSign FARF user guide available to assist with the completion of the FARF. Please utilize this document when completing the FARF.

## **New Enrollment Packets**

CDCN has updated the Employer and Attendant enrollment packets so that they are easier to complete.

DocuSign Packets are the fastest way to enroll, and also has fewer errors upon submission. Employers and Attendants can reference our DocuSign User Guide as well as our Enrollment packet instructions on our website under the Forms tab. These resources will assist in completing the enrollment packets with step by step instructions to ensure completion before submitting the packet to CDCN.

### **New Enrollment Packet- Attendant**

CDCN has updated the Attendant Enrollment packet. On this slide, is some important information regarding the updated Attendant packets.

The Attendant packets now have a more detailed instruction packet to ensure entire completion of the packet. Please encourage all EORs and Attendants to utilize this resource to ensure completion of the entire packet. This will result in faster processing due to minimalized errors. The instructions have been increased from 6 to 17 pages, as it includes highlighted mandatory fields for each page in the packet as an example for Attendants to reference.

CDCN has also removed and replaced 2 forms in the Attendant packet. The Attendants will no longer submit the Employee-Employer Relationship Disclosure form and the Attendant Attestation Form. These 2 forms have now been replaced by the Payroll Tax Exemptions Determination form, and the Employment Agreement form. These replacement forms are updated and shorter in length.

As mentioned previously, instructions for assisting with completing these forms are available on our website under the Forms tab.

### **New Enrollment Packet- EOR**

The Employer of Record packet has also been updated for ease of use. EORs can reference the Employer packet instructions for a step by step guide on completing the enrollment packet, which includes sample pages with highlighted mandatory fields. This Instruction packet is only 6 pages long.

### **Employee's Hire Date**

**The Attendants hire date is determined by the Employer.**

# Monthly Meeting Minutes- New Service Facilitator

It is critical that the Employer have the Attendant complete all forms upon hire, so that all Federal and State laws and regulations are followed.

**The I-9 form is required to be completed by all new Attendants enrolling in services.**

## Enrollment Confirmation

Now that we have determined the Attendant's Hire Date, let's discuss Enrollment Confirmation.

CDCN will send out an Enrollment Confirmation letter to notify Employers that we have received a completed packet, processed the Background Check, and that a worker can **start receiving payments**.

This letter will be sent within **5 Business days** from receipt of a **completed** packet.

If the enrollment packet is not complete, then CDCN will contact the Employer and Attendant to let them know what changes need to be made.

The Enrollment Confirmation letter is sent to the Attendant as well as the Employer on file. This letter will outline the Employer and Attendant's CDCN ID numbers, which are needed when registering through the Mobile Application in order to process payment for Attendants.

## Submitting Attendant Time

Before we can pay an Attendant, we must have:

- i. A completed Employer packet in our system;
- ii. An active authorization for the Participant; and
- iii. A completed Attendant packet in our system.

There are two ways that Attendants can submit time to be paid. Please note that regardless of the method, the Employer must review and approve the time before it is submitted to Consumer Direct.

The two (2) methods are:

- i. Using our Mobile App, CellTrak; We highly recommend that encourage members to start using our Mobile App for entering time.
- ii. Using our secure web portal;

## Electronic Visit Verification (EVV)

Consumer Direct Care Network has chosen CellTrak as our EVV vendor.

# Monthly Meeting Minutes- New Service Facilitator

An outline and online videos of the Mobile App, showing users how to register and Employers how to approve shifts, are located on our website under the Resource tab in the Training Materials section or by going to [www.consumerdirectva.com/training-materials](http://www.consumerdirectva.com/training-materials).

## What is EVV?

EVV uses technology to electronically record when Attendants begin and end providing services to Medicaid members.

These systems require a device like a mobile phone or landline to collect Attendant's start and end times and location.

EVV is part of the federal 21st Century CURES Act signed into law on December 13, 2016 which requires states to implement Electronic Visit Verification or EVV.

## EVV Reminders

To avoid a delay in pay, please work with EORs and Attendants to registered for the Mobile Application and web portal today.

**9/26/2019 is the beginning of the pay period; please refer to our website for the full pay schedule under the Forms tab in the Timesheets and Payroll Related Forms section.**

## Mobile Application (CellTrak)

**The Mobile Application should be downloaded by the Attendant. The application can be downloaded on the Medicaid members or Attendants device.**

The Mobile Application is available for both iPhone and Android and can be downloaded to any smart device that has location services.

The EOR can sign and approve time on the Attendant's device at the end of shift.

The most common devices are a smart phone or tablet.

**PLEASE NOTE: In the app store you will see two versions of CellTrak please do not select app version 1.7. it is not the right version!**

Also note, only one device can be registered per user. This means that only one Attendant can submit their time per registered device using the Mobile App.

## Mobile App Registration

Please enter the License ID **200458** and Authentication code **740083** as outlined on the one-page outline located at [www.consumerdirectva.com/training-materials](http://www.consumerdirectva.com/training-materials).

# Monthly Meeting Minutes- New Service Facilitator

The Attendant's Solomon id number is required to register for the Mobile Application. If the Attendant does not have this number, they can call CDCN at 888-444-8182 and one of our Customer Service Reps will provide it to them.

The completed step-by-step registration instructions for the Mobile Application, Web Portal and IVR system can be located on our website at <https://www.consumerdirectva.com/training-materials/>.

## Web Portal

Consumer Direct maintains a web portal that is used by Attendants, Employers and Service Facilitators.

Attendants can use the portal to enter time. However, time entered in the Web Portal is not EVV compliant. Attendants may also view their documents such as pay stubs and W-2s.

Employers can use the portal to approve time that has been submitted by their Attendants. Consumer Direct will not receive the time unless the Employer approves it. The Employer can also view reports applicable to them.

Participants can view utilization reports outlining how much of the authorization the Participant has used so far and how much remains, as well as, view their Attendants' pay stubs.

Service Facilitators can use the portal to view reports applicable to their caseload such as the Participant's utilization report.

## Paystubs

Pay stubs are easily viewed and downloaded from the CDCN Web Portal.

Copies of pay stubs will no longer be mailed to Attendants starting April 11.

Step by step instructions to assist Attendants with locating their paystubs can be found on our website under the Training Materials tab.

## CellTrak Interactive Voice Response (IVR)

CDCN's Interactive Voice Response system is another option for Employers to approve time and Attendants to submit time worked to CDCN.

# Monthly Meeting Minutes- New Service Facilitator

That means that the Attendant will dial a tollfree number from the Consumer's registered phone number to start and stop their shifts.

To use the CellTrak IVR system, the EOR will need to complete a form to register the Consumer's phone number with CDCN.

A copy of the IVR registration form can be found on the CDCN's website under the Forms tab in the Time and Payroll Related Forms section.

This option is available 24 hours/day 7 days/week and is available now

The IVR phone number is 855.967.0581 (English) or 855.967.0582 (Spanish).

The default pin is 1234 unless a custom pin was set.

## Service Reports

**Spending Summary Report:** This report provides an overview of how many authorized hours the Participant has used so far and how many hours are remaining.

## Attendant Pay Schedule

All Attendants are paid on the same bi-weekly schedule.

CDCN's two week pay period runs from Thursday to Wednesday.

Time must be submitted by midnight on non-pay week Friday and will be paid on the following pay date according to the pay calendar.

The pay calendar is included as a supplement in the *Attendant Enrollment packet* and can be found on our website under the *Forms* tab in the *Timesheet and Payroll Related Forms* section.

There are two sides of the pay calendar:

1. The first side looks like a traditional calendar. On the calendar, squares represent days when time is due (this means the Employer must approve submitted time on the portal by this date), circles represent pay dates and triangles show post office and bank holidays.
2. The second side shows just the applicable dates. The first two columns indicate the pay period start and end date, the middle column is when the time from that pay period must be submitted to Consumer Direct and the last column shows when the dates from that pay period will be paid.

# **Monthly Meeting Minutes- New Service Facilitator**

## **CDCN Payroll IVR**

The CDCN Payroll IVR is a self-serve option. Employees can access hours submitted and respite amounts. Attendants can access pay amounts and hours submitted. You will need your 7-digit Consumer Direct ID number and PIN. The default pin is 1234. This is the same PIN you will use for the landline EVV option. You can change your PIN by emailing [infocdva@consumedirectcare.com](mailto:infocdva@consumedirectcare.com) or calling 888.444.8182.

## **Patient Pay**

Patient Pay is a dollar amount that some participants are required to contribute towards their own care. Patient Pay is determined by local Department of Social Services. Patient pay will be deducted on the dates circled on the pay schedule.

## **COVID-19 Temporary Attendants**

In response to COVID-19, parents and spouses have been temporarily approved to be attendants for minors as of April 20, 2020.

CDCN has created special enrollment packets specifically for parents or spouses. These enrollment packets can be found under our Forms tab in the "COVID-19: Temporary Attendant Forms" section.

For this temporary process, Time can only be entered via the Web Portal. CellTrak and IVR cannot be utilized.

The current Employer of Record (EOR) cannot be a paid Attendant. If there needs to be an EOR change, the Service Facilitator will need to submit a Fiscal Agent Request Form (FARF) and the EOR and Attendant will need to submit the required enrollment forms.

CDCN has created a FAQ for this COVID-19 response. Please review and utilize this document for assistance with any qualifying Participants. This FAQ document can be found under our Forms tab in the "COVID-19: Temporary Attendant Forms" section.

# Monthly Meeting Minutes- New Service Facilitator

## **New SF Presentation FAQ 06-2020**

1. If the FARF is completed via DocuSign will we also have to email the FARF in?

No. Once the DocuSign FARF is submitted, then CDCN does not need an additional FARF submission via email or fax. DocuSign submits the FARF to CDCN automatically.

2. How does CDCN contact the EOR if there are errors on the packets?

CDCN will email the EOR with the corrections needed if an email address is on file. If no email address is available, then CDCN will call the number on file for the EOR and leave a message if needed.

3. Doesn't CellTrak allow more than one Attendant per device?

Only one device can be registered per Attendant, however multiple Attendants can be registered on a device. For example, if a Consumer wants to let Attendants use their personal phone then they will be able too. However, if an Attendant has multiple Consumers then they would need to register on their own phone as they can only be registered to one device. Please refer to line 8 on our one page fact sheet "Getting Started with the Mobile Application for EVV" in the Training Materials section of our website for more information.
