HOW TO Access Secure Email

Consumer Direct Care Network (CDCN) uses a safe way to send Protected Health Information (PHI). All PHI is sent via secure email. To see it, you'll need to sign up or log in to our secure message system. Below is an example of what a secure message might look like (Fig. 01). **Remember, it's not spam. Don't delete it.**

How to Register

If this is your first time viewing a secure email from CDCN, you need to sign up. This is different than your web portal or EVV login. Here's how you can make a password and sign up for our secure email system:

- **1.** After opening the email in your inbox, use the "Click here" URL or select the **message attachment**. (Fig. 02)
- 2. This will launch a browser window. Select the **Click to read message** button. (Fig. 03)
- **3.** You will be prompted to create an account. Enter your email address and press **Continue**. (Fig. 04)

Fig. 01

You will be required to create a password.

- 1. Enter your first and last name, then make a password. Be sure to follow the guidelines when creating your password. (Fig. 05)
 - Keep your password safe, you'll need it every time you get a secure email from CDCN.
- 2. A validation code will be sent to your email. Check your inbox, and your spam/junk folder, for the code and enter it in the box.
- 3. Select Continue.
- You will receive another email with a link to activate your account. If you don't see the message, check your spam/junk folder. (Fig. 06)

Test Message for PPS 8.0.1	Save Message Body as HTML	~
To: Cc:	n Save as EML Message	

- Save Message Body as HTML downloads the message body as <message subject>.html.
- Save as Zip Archive downloads the message and associated attachments as <message subject>.zip.
- Save as EML Message composes a RFC2822 message based upon the Secure Reader message content. This option does not
 include embedded images.

Changing Your Password

From the secure email login screen, press Forgot Password. (Fig. 09)

- A password reset message will be sent to your email. (Fig. 10)
 Check your inbox and your spam/junk folder if you don't see it.
- You will then be prompted to enter a new password. (Fig. 11)

NOTE: If your password expires before you have a chance to reset it, you will be prompted to reset it the next time you read a secure message.
