

# GETTING STARTED WITH Interactive Voice Response

## AN ELECTRONIC VISIT VERIFICATION SYSTEM

**Interactive Voice Response (IVR) supports Attendant and Employer of Record (EOR) access** to Consumer Direct Care Network (CDCN) transaction systems via landline telephone. The Participant will need to register their landline telephone with CDCN for the Attendant to use this option. A form will be available on the CDCN website to fill out to certify the landline telephone number. The EOR or Attendant will need to register their landline with CDCN for the Attendant to use this option.

You can view timesheets on the web portal within 15 minutes of submission via IVR.

### System availability

- Automated voice response is available 24-hours per day
- Live support is available during CDCN customer service center  
**operating hours: Monday-Friday, 8am-6pm EST**
